Course Overview

Advanced Therapeutic Interventions to Optimize Obesity and Diabetes Care symposium will highlight the latest concepts and devices in the treatment of obesity and diabetes. The symposium will offer specialists and primary care providers an interactive venue where leading experts will discuss diabetes prevention, obesity management, starting and progressing care, advanced diabetes care, managing co-morbid conditions, and emerging trends and technology for diabetes patients. The course will be taught by nationally and internationally known experts who are actively involved in clinical trials and studies related to the management of obesity and diabetes. Physicians will be provided with the necessary context to integrate the relevant information into their practices to improve the quality of life for their affected patients. They will be provided a tool-kit for patient management and education that helps address patient barriers.

Conference Highlights

- Focused talks from leading experts
- Ample question and answer time with course faculty
- Interactive case presentations and discussion
- Conference app with access to course materials and presentations from the convenience of your mobile device or computer
- Enduring web-based CME program will be offered via an e-learning course once the 2015 programs are completed

Educational Objectives

After attending this activity, participants should be able to:

- Describe the latest concepts for pathophysiologic mechanisms that contribute to obesity.
- Evaluate emerging therapeutic agents, devices and surgical options for treating obesity.
- Summarize the next generation of therapies for treating diabetes including oral agents, incretins and new insulins.
- Integrate new diabetes management options into patient care.
- Identify practical approaches to starting and progressing therapy that achieve optimal diabetes control and prevention of diabetes.
- Illustrate the latest approaches to hypertension and dyslipidemia management for patients with diabetes.
- Discuss mHealth options and new technologies for diabetes care.

Accreditation

Physicians (MD, DO)

Scrrips Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scrrips Health designates this live activity for a maximum of 13 *AMA PRA Category 1 Credit(s)*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Dietitians

This program has been approved by the Commission on Dietetic Registration for 13 CPEUs.
