

7th Annual  
**BRAIN INJURY  
REHABILITATION  
CONFERENCE**

SPONSORED BY THE REHABILITATION CENTER AT SCRIPPS MEMORIAL HOSPITAL ENCINITAS

Target Audience

- Physicians • Nurses • Physician Assistants
- Physical Therapists • Occupational Therapists
- Speech-Language Pathologists • Social Workers and Case Managers
- Others involved in the care of patients with brain injuries

# Course Overview

The 7th Annual Brain Injury Rehabilitation Conference is designed to provide a clear understanding of the need for multidisciplinary strategies in the management of patients with brain injuries. A renowned faculty of interdisciplinary specialists will present the latest in research and outcomes from a variety of medical perspectives. Topics include interventions and management for medical and physical rehabilitation as well as cognitive, emotional, and social problems common to brain injury patients. A strong emphasis on the need for increased quality, efficiency, and value in response to health care reform will be a consistent theme throughout the course as we continue our quest for excellence in brain injury treatment and rehabilitation.

## Conference Highlights

- Interdisciplinary faculty representing all aspects of rehabilitation
- Small group workshops allowing for additional interaction with expert faculty on pertinent topics
- Audience Response System used for instant feedback and interactive learning
- Ample question and answer time with course faculty
- Multiple opportunities to network with like-minded colleagues and faculty

# Educational Objectives

**After attending this activity, participants should be able to:**

- Describe the epidemiology of brain injury and its resultant impairments, disability, and psychosocial impact.
- Assess the effect of brain injury on family and social dynamics.
- Cite health care delivery trends and their impact on long-term brain injury management, acute care, and prevention.
- Interpret recent research and its potential impact on practice outcomes.
- Employ multidisciplinary treatment strategies for sleep disturbances, concussion, and substance abuse in brain injury rehabilitation patients.
- Identify risk factors for falls and develop an assessment tool for inpatient rehabilitation facilities.
- Demonstrate the role of Physical, Occupational and Speech Therapists in the rehabilitation process.
- Define the challenges of assessment and treatment of children with traumatic brain injury.
- Discuss the life long, post-acute rehabilitation needs of individuals with TBI and the importance of developing care plans.
- Integrate new developments in science and medicine into practice for brain injury rehabilitation.
- Identify the unique challenges faced by health care providers and family members caring for TBI patients, and incorporate interventions to reduce stress and fatigue.
- Improve quality of life for brain injury survivors and their caregivers by connecting them with community resources.

## ACCREDITATION

### Physicians (MD, DO)

Scripps Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scripps Health designates this live activity for a maximum of *14 AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Documentation of awarded credit is provided for registered attendees in exchange for completed activity evaluation. Certificates of attendance are available, upon request, at the end of the course.

### Board of Registered Nursing (BRN)

Provider approved by the California Board of Registered Nursing, Provider Number CEP15030 for 16.8 contact hours. Contact hours will be provided by Scripps Health.

### Physician Assistants (AAPA)

The American Academy of Physician Assistants accepts Category 1 credit from AMA Category 1 CME organizations accredited by the ACCME.

CONTINUING  
EDUCATION  
AMERICAN SPEECH-LANGUAGE HEARING ASSOCIATION

Rancho Los Amigos National Rehab Center is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for 14.5 CEUs (Intermediate Level, Professional Area)

### Physical Therapy (CPTA)

This course is approved for 14 contact hours per section 1399.95 California Code of Regulations, Scripps approval number 2011-001.

### Occupational Therapy (AOTA)

This course is approved for 1.4 AOTA CEUs by The American Occupational Therapy Association, Inc. (AOTA). The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA.

### Board of Behavioral Science (BBS)

Course meets the qualifications for 14 hours of continuing education credit for MFTs, LPCCs, LEPs and/or LCSWs as required by the California Board of Behavioral Sciences.

### Commission for Case Manager Certification (CCM)

This course is approved for 14 CEUs. Approval # 790001635

### Psychologists

As of January 1, 2006 the Board of Psychology accepts *AMA PRA Category 1 Credit(s)*<sup>™</sup> for license renewal.

### Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with ACCME accreditation Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

### Cultural and Linguistic Competency

This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.

## NEW FOR 2012 - WORKSHOP TRACKS

The educational sessions at the 7th Annual Brain Injury Rehabilitation Conference will be organized into educational tracks. While tracks are designed with various medical specialties in mind, workshops are open to all participants. Attendees are not required to select one track when registering.

**Medical/Research:** This track is designed for physicians and researchers and features topics such as co-morbid conditions and their effects on brain functioning, concussion diagnosis and management, and research ethics.

**Clinical Practice:** This track is designed for physical, occupational and speech therapists as well as nurses and others involved in the brain injury rehabilitation process and features topics such as predicting fall risk, the use of augmentative communication, assessment of pediatric TBI, and evaluation of auditory processing disorders.

**Psychosocial/Caregiver:** This track is designed for behavioral science professionals, family and caregivers and features topics such as the impact of TBI on caregivers, life care planning strategies, community resources for TBI survivors, and interventions to reduce stress on providers and caregivers.

Be sure to request the Scripps Brain Injury Rehab conference when making reservations.

## The Rehabilitation Center at Scripps Memorial Hospital Encinitas

The Rehabilitation Center at Scripps Memorial Hospital Encinitas is a comprehensive rehabilitation facility in northern San Diego County, providing a full range of rehabilitation services with specialization in Neuroscience Services. It is the first facility in the area to be fully accredited in both Brain Injury and Stroke services by the Commission on Accreditation of Rehabilitation Facilities (CARF)—the gold standard for medical rehabilitation facilities—and is entrusted by the United States military with care of returning servicemen's combat-related traumatic brain injuries. In addition, Scripps Memorial Hospital Encinitas is the only hospital in San Diego County to have both JCAHO and CARF accreditation for stroke patients from the emergency department through rehabilitation.

Scripps Conference Services & CME, which offers nationally recognized live conferences in a variety of specialty areas, is committed to improving the quality of health care and advancing the practice of medicine by providing exceptional educational courses for physicians and other health care professionals. More information and conference brochure downloads are available at [www.scripps.org/conferenceservices](http://www.scripps.org/conferenceservices).
