Disclosure
It is the policy of Scripps Health to ensure balance, independence, objectivity, and scientific rigor in all sponsored educational programs. Course Directors, planning committees, faculty and all others who are in a position to control the content of any educational activity sponsored by Scripps Health are required to disclose any real or apparent conflicts of interest related to the subject matter of the educational activity.

Cultural and Linguistic Competency
This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity. For additional information regarding California Assembly Bill 1195 please visit www.scripps.org/clinicers to access the Cultural and Linguistic Competency Guide.

For additional information and to view available course brochures, please contact Scripps Conference Services & CME at: www.scripps.org/conferenceservices Phone: 858-652-5400 Fax: 858-652-5565 Email: Med.edu@scrippshealth.org
