

## **SCRIPPS HEALTH/SCRIPPS CLINIC BIO-REPOSITORY AND BIO-INFORMATICS CORE**

**Bethany Barrick, BSc**  
**Research Associate**  
**Primary Focus Areas: Immunoassays, Bio-marker  
Discovery, Bio-banking, Solid Organ Transplantation**

Bethany Barrick has 15 years of experience working in the biotechnology industry and clinical research. She received her Bachelor of Science degree in general biology from the University of California, San Diego, in 2005. Her background includes immunoassay development and bio-bank sample management, and she has managed a large bank of bio-specimens used for marker discovery. Additionally, she was one of the principal members of a biotechnology startup that developed a rapid diagnostic test for acute kidney injury, and performed multiple roles while with the company.

Ms. Barrick joined Scripps in 2015, and has used her experience to implement policies and procedures in the establishment and day-to-day operations of the organization's bio-repository.
