# Course Introduction

## Conference Overview

Scripps MD Anderson Cancer Center's Annual Cancer Care Symposium is designed for nurses, nurse practitioners, physician assistants, clinical nurse specialists, and other health care professionals who treat cancer patients. During this two-day conference, participants will hear from expert faculty representing practice settings across the continuum of care as they discuss clinical developments and treatment advances in hematology and oncology. Participants will return to practice armed with practical strategies and tools to assist in improving quality of life and outcomes for cancer patients. The importance of self-care and professional resilience will also be addressed during the conference. Don't miss this opportunity to interact and network with like-minded colleagues while earning CE credits!

## Educational Objectives

**After attending this live activity, participants should be able to:**

- Evaluate current issues and trends in cancer care.
- Discuss new therapeutic options for the treatment of a number of common malignancies.
- Identify strategies to integrate evidence-based cancer care into your practice.
- Describe evidence-based standards of care including innovations in diagnosis and treatment.
- Employ self-care habits to foster professional resilience.

## Target Audience

- Oncology Nurses
- Nurse Practitioners and Physician Assistants
- Clinical Nurse Specialists
- Experienced Hematology & Oncology Health Care Professionals
