Course Introduction

Course Overview

Scripps MD Anderson Cancer Center's 2022 Oncology Update is a one-day conference designed to offer clinicians and advanced practice providers a comprehensive overview of the most recent advances in the treatment of various oncologic malignancies. During this comprehensive educational course, clinical experts in the fields of hematology and oncology will provide an overview of key findings from practice changing studies and the latest clinical data. Esteemed faculty will review exciting and important abstracts and discuss their relevance to the clinical oncology practice.

Educational Objectives

After attending this live activity, participants should be able to:

- Discuss innovative and practice changing data.
- Assess advances in clinical oncology research.
- Evaluate the role of new diagnostic techniques and therapeutic approaches in treating a number of oncologic malignancies.
- Incorporate new, evidence-based treatment strategies into clinical practice.

Target Audience

- Medical Oncologists
- Hematologists/Oncologists
- Gynecological Oncologists
- Radiation Oncologists
- Internists
