Commercial Support
This course is supported, in part, by educational grants from industry, in accordance with ACCME accreditation Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency
This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.

About Scripps
Scripps Health is committed to combating cancer. That’s why we mobilized the collective resources of five hospital campuses, our affiliated physicians and a renowned research center to form the Scripps Cancer Center. These providers work collaboratively toward prevention, early detection and coordinated treatment. The center’s multidisciplinary approach ensures a comprehensive treatment plan that pairs leading-edge technology with an experienced, respectful care staff who are sensitive to the whole person and a range of healing approaches. Patients benefit from a collective array of cancer-specific personnel and services, as well as vigorous dialog between researchers and clinicians that brings the latest medical knowledge bedside.
