About the Course

The Scripps Clinical Hematology and Oncology conference is designed for hematologists, oncologists, surgeons, radiation oncologists, internists, and others desiring an update in these specialty areas. The primary objective of this course is to bring together clinicians and leading experts in diverse areas of hematology and oncology, affording them an intimate environment in which to discuss new clinical developments and significant advances. Our annual program is a nationally accredited continuing medical education conference and is one of the largest annual hematology/oncology meeting held in the West, among others such as ASH, ASCO and the San Antonio Breast Meeting. This conference is one of the few that combines topics in both hematology and oncology.

All exhibits will be reviewed by Scripps.

Scripps reserves the right to refuse the application of any party whose product, service or proposed exhibit is, in Scripps sole discretion, not in keeping with the character of the educational activity and exhibition hall. - Scripps reserves the right, in its sole discretion, to refuse any person, including without limitation any employee of Exhibitor, admission to the Exhibition.
