

26th Annual Primary Care in Paradise

Medical Specialties from the Primary Care Perspective

March 22–25, 2021 • Hyatt Regency Maui • Lahaina - Maui, Hawaii

Course Overview

Scripps Health's Primary Care in Paradise was designed by primary care physicians for primary care physicians and their care team and will present content from their unique perspective. This important CME conference will educate and promote improved patient outcomes in a broad range of therapeutic areas commonly encountered in the busy primary care practice. In addition to an overview of the history and current science of a variety of specialty areas, content will be presented in a very practical, patient-focused manner relevant to the specific primary care setting and challenges.

Conference Highlights

- Three part pre-conference workshop focused on dermoscopy and melanoma diagnosis eligible for additional CME credits
- Practical and useful content, including pearls, additional resources, course materials, and recordings for later reference
- Dynamic and interactive formats including case studies, audience response system, and ample opportunities for Q&A
- Half-day schedule at one of Hawaii's most popular vacation destinations allowing time for learning and relaxation

Conference Topics

- Literature review
- Obesity, diabetes and endocrine disorders
- Human trafficking
- Orthopedic injuries and treatments
- Point of care ultrasound (POCUS)
- Dermatology pearls
- Adolescent health and medicine
- HIV treatment and prevention
- Creating LGBTQ inclusive practices
- And more...
