New Advances in Inflammatory Bowel Disease

September 10-11, 2016 – Hyatt Mission Bay, San Diego, California

The New Advances in Inflammatory Bowel Disease conference will highlight the latest concepts in the diagnosis and treatment of IBD. The course will be taught by nationally known experts who are actively involved in clinical trials and studies related to the management of Crohn's and colitis. Attendees will be provided with the necessary context to integrate the relevant information into their practices to improve the quality of life for their afflicted patients.

This course is designed for gastroenterologists, nurses, internists, colorectal surgeons and allied health professionals involved in the care of patients with Inflammatory Bowel Disease (IBD).

Conference Highlights

- Comprehensive plenary talks from industry leading experts
- Interactive case presentations and discussion
- Opportunities to interact with world renowned researchers and clinicians to establish a network of like-minded professionals
- Conference presentations available via mobile app and conference website
