

LAA Closure, TAVR, ASD/PFO, Mitral Repair, and More

Featuring live case demonstrations, hands-on workshops and additional satellite symposia!

Structural Heart Intervention and Imaging 2018: *A Practical Approach*

February 7-9, 2018 • San Diego Marriott La Jolla • La Jolla, California

Overview

Scripps Health's Structural Heart Intervention and Imaging conference is designed to provide a practical, cutting-edge, case-based assessment of the emerging area of structural heart disease intervention and interventional cardiovascular imaging. The expert faculty will include interventionalists, invasive cardiologists, and echocardiographers. Faculty will discuss patient selection, pre-procedural assessment, procedural tips, techniques and challenges (including concurrent imaging) during the performance of the procedures, and conclude with assessment of outcomes and future directions.

Course Directors

Matthew J. Price, MD, FACC

Director, Cardiac Catheterization Laboratory
Scripps Clinic/Green Hospital
Assistant Professor
Scripps Translational Science Institute
La Jolla, California

David S. Rubenson, MD, FACC, FASE

Director, Cardiac Non-Invasive Laboratory
Scripps Clinic
La Jolla, California
