

Scripps Mercy Hospital San Diego

Resident abstracts, publications and poster presentations

Many research opportunities are available at Scripps Mercy Hospital and nearby research institutions including The Scripps Research Institute and the University of California, San Diego. Below is a list of resident publications, abstracts and poster presentations since 2014.

2019

Ronald, Espinosa, DO Oral presentation at the Society of Critical Care Medicine to be held February 2019, "Induced Hypothermia Cardiac Arrest in ICU Patients."
Advisor: Steven Wong, MD

2018

Logan Thomas, MD Regional ACP poster abstract 10/27/18, Huntington Beach, CA "Treatment of Brooke-Spiegler Syndrome Tichoepitheliomas with Erbium: YAG Laser: A Case Report and Review." Faculty Advisors: Christine Pham B.S., Brandon Coakley, MD, Patrick Lee, MD Department of Dermatology, University of California, Irvine CA and Scripps Mercy Hospital San Diego.

Michelle Miles, DO, MS Regional ACP poster abstract 10/27/18, Huntington Beach, CA "Primary Angiitis in a 26 YO With Recurrent Ischemic Strokes." Advisor: Paul Han, MD

Rebecca Shragge, DO Regional ACP poster abstract 10/27/18, Huntington Beach, CA "Central Nervous System Vasculitis as a Complication of Disseminated Coccidioidal Meningitis." Advisor: Paul Han, MD

Joslyn Vo, DO, MS Regional ACP poster abstract 10/27/18, Huntington Beach, CA "Skin Lesions Requiring Immediate Hospitalization and Airborne Precaution."
Advisor: Stanley Amundson, MD

Leon Moskatel, MD National Presentation on NBC Nightly News "Did UberX Reduce Ambulance Volume?" Advisors: David J.G. Slusky, Assistant Professor Department of Economics University of Kansas.

Paul J. Han, MD, Bruce J. Kimura, MD, Benjamin T. Tsai, MD 06/25/18, the American Society of Echocardiography (ASE) Nashville, Tennessee, Abstract Poster Presentation entitled "Prognostic Value of Quick-Look Cardiac Ultrasound Signs: Evidence-Basis for a Simple Point-of-Care Exam to Refine Referral for Outpatient Echocardiography."

Kenneth R. Stevens III, MD 06/25/18 the American Society of Echocardiography (ASE) Nashville, Tennessee Abstract Poster Presentation entitled, "Hospitalist Use of Point-of-Care Cardiac Ultrasound in an Expert-Collaborative Model: Demonstration of Accuracy and Fiscal Viability in an Internal Medicine Residency." Advisors: David J. Shaw, MD, Stanley Amundson, MD, Bruce J. Kimura, MD, James Phan, Maria Welsh.

Leon Moskatel, MD Presentation "Recent Changes in the Utilization of Emergency Services" at the 7th Conference of the American Society of Health Economics in Atlanta, GA, 06/11/18

Dixon H. Xu, DPM Geller Research Award Competition 05/29/18 Case Report Oral Presentation "Neisseria gonorrhoea Meningitis: Case Report and Review of the Literature." Advisor: Nancy Crum-Cianflone, MD

Marcus Miyabara, DPM Geller Research Award Competition 05/29/18 Case Report Oral Presentation, "Nerve Transection and Implantation into Bone to Treat Deep Peroneal Nerve Entrapment by an Old Distal Tibial fracture: a Case Report and Literature Review." Advisor: Mark Chodos, MD

Cristina Coronado, MD Geller Research Award Competition 05/29/18 Case Report Oral Presentation, "Weber-Christian Disease: A Case Report." Advisor: Eric Dahms, MD

Edmund Yu, DPM Geller Research Award Competition 05/29/18 Case Report Oral Presentation, "A Case Series and Review of the Literature of Mycobacterium Chelonae Infections of the Lower Extremities." Advisors: Patricia Forg, DPM, and Nancy F. Crum-Cianflone, MD

Katherine Martin, MD, MBA Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "PD-L1 Expression in Keratoacanthoma." Advisor: Seong Ra, MD

Surget Cox, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "JAK Inhibitor Treatment of Alopecia Areata and Vitiligo: A Systematic Review." Advisors: Hailey Rouhana, MD, and Gaston A. de la Bretonne Jr, MD

Stacey Lambeth, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Pre-Operative Supplementation in Preventing Post-Thyroidectomy Hypocalcemia." Advisors: Gavin Jackson, MD, and Harminder Sikand, Pharm.D.

Maggie Chung, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "2D Shear-Wave Elastography: Grouped Sampling in Non-invasive Assessment of Liver Fibrosis." Advisor: Michael Beland, MD

Matthew Sakumoto, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Implementation of a Quality Improvement Program to Improve TDaP Vaccination Rates Using a Wellness Dashboard." Advisor: Renee Smilde, MD

Kenneth Stevens III, MD Geller Research Award Competition 05/22/18 Original Investigation Presentation, Hospitalist Use of Point-of-Care Cardiac Ultrasound in An Expert-Collaborative Model: Demonstration of Fiscal Viability and Accuracy In A Community Hospital." Advisors: James N. Phan, Maria G. Welsh, Bruce J. Kimura, MD

Yuan "Michael" Huang, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "SOX10 Immunohistochemistry in Malignant Sweat Gland Neoplasms." Advisor: Seong Ra, MD

David Leung, MD, MS Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Smartphone Teleguidance in Learning to Obtain Point-of-care Cardiac Ultrasound Images from within the Hospital: A Pilot Study Using Novice Learners." Advisor: Bruce Kimura, MD

Elham Rahimy, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Gender Trends in Radiation Oncology: Analysis of American Society for Radiation Oncology (ASTRO) Meetings." Advisors: Henry Park, MD, Laura Cervino, PhD, Jean Moran, PhD, Suzanne Buckley Evans, MD
Advisors: Henry Park, MD, Laura Cervino, PhD, Jean Moran, PhD, Suzanne Buckley Evans, MD

Taylor Graber, MD & Paola Baskin, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "The Pediatric Anesthesiologist's Approach to Children with Down Syndrome. Do Children with Trisomy 21 Truly Have a Difficult Airway?" Advisor: Alyssa Brzenski, MD (UCSD Pediatric Anesthesiology.)

Kelsey Hirotsu, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Incidence of Bacterial Resistance of Secondary Infections Following Antibiotic Monotherapy for Papulopustular Eruptions Secondary to EGFR Inhibitor Treatment." Advisor: Bernice Kwong, MD, Stanford University.

Kellie Satterfield, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Using the Smartphone 240 Frame per Second (FPS) Camera for Two-Dimensional Videographic Analysis of Eyelid Dynamics During Spontaneous Blinking." Advisors: Kyle Godfrey, MD; Craig Wilsen, MD, PhD, Don Kikkawa, MD

Haoxing Douglas Jin, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Cortical Visual Impairment in Congenital Cytomegalovirus Infection" Advisor: Gail Demmler-Harrison, MD

Joseph Thorpe, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "The Reveal Imager as an Intervention to Improve Sun-Safety Behaviors; a Population Based Study." Advisor: Ashley Wysong, MD, Department of Dermatology at Keck SOM at USC.

Shane Regnier, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation, "Diabetes Mellitus is not associated with Postoperative Opioid Utilization in Patients Undergoing Primary Unilateral Hip Arthroplasty." Advisors: Rodney Gabriel, MD, Bahareh Khatibi, MD, UCSD

Ilona Juan, MD Geller Research Award Competition 05/22/18 Original Investigation Poster Presentation "Comparison of Minimally-Invasive and Non-Invasive Estimates of Cardiac Output and Left Ventricular Stroke Volume Variation by Esophageal Doppler and Finger Plethysmography Pulse Contour Analysis in Laparoscopic Abdominal or Urogynecologic Surgeries." Advisor: Ruth Waterman, MD, at UCSD.

Rakesh Popli, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Patient presenting with BLE weakness found to have metastatic anaplastic thyroid carcinoma with bony metastasis." Advisor: Stanley Amundson, MD

Kendell Anderson, DO Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Culture Negative Tricuspid Valve Endocarditis." Advisor: Nancy Crum-Cianflone, MD

Ramni Khattar, DO, MS Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Abnormal Ophthalmic Exam Results and Elevated Intracranial Pressure." Advisors: Nancy Crum-Cianflone, MD, Russell Edwards, MD

Ann Marie Moeller, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "*Ureaplasma parvum* Septic Arthritis in a Patient with Systemic Lupus Erythematosus Receiving Rituximab Therapy." Advisor: Gonzalo Ballon-Landa, MD

Viet Nguyen, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Coexisting Pheochromocytoma and Primary Hyperaldosteronism." Advisors: Gavin Jackson, MD, Nadeen Hosein, MD

Tracy Lee, DO, MS Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Surviving With a Rare Vascular Disease." Advisor: Eric Dahms, MD

Tynan Wyatt, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "A Greek Tragedy: Pediatric Syncope" Advisor: Michael Rosenblatt, DO

Clari Cheng, DO Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "An Unexpected Cause of a Brain Mass: CNS Toxoplasmosis." Advisor: Nancy Crum-Cianflone, MD

Paola Baskin, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "Novel observations during point-of-care ultrasound (POCUS) in cardiopulmonary resuscitation: A case of ultrasound-guided probe pressure to reduce esophageal insufflation during bag-valve-mask ventilation." Advisor: Bruce Kimura, MD

Soroosh Amanat, MD Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "It's Not a Tumor: A Case of Tumefactive Multiple Sclerosis." Advisor: Michael Rosenblatt, DO

Ronald Espinosa, DO Geller Research Award Competition 05/15/18, Case Report Poster Presentation, "A Rare Case of Malbranchea sp. Pulmonary Infection in Setting of Suspected Selective Immunoglobulin M Deficiency." Advisor: Nancy Crum-Cianflone, MD

James Willmore, DPM Geller Research Award Competition 05/08/18 Original Investigation Oral Presentation, "Early Weight Bearing the Modified Lapidus Bunionectomy: A Systematic Review and Meta-Analysis." Advisor: Donald Green, DPM

Justin Lin, PharmD Geller Research Award Competition 05/08/18 Original Investigation Oral Presentation, "Ketamine for Initial Control of Acute Agitation in the Emergency Department" Advisor: Harminder Sikand, Pharm.D.

Chiao An "Joanne" Chiu, Pharm. D. Geller Research Award Competition 05/08/18 Original Investigation Oral Presentation, "Pre-Operative Supplementation In Preventing Post-Thyroidectomy Hypocalcemia" Advisors: Gavin Jackson, MD, Harminder Sikand, Pharm.D.

Daryush Tabatabai, Pharm.D. Geller Research Award Competition 05/01/18 Original Investigation Oral Presentation, "Are HIV Tests Excessively Ordered? Pilot Intervention Study on a Pharmacist Driven Protocol." Advisors: Harminder Sikand, Pharm.D. Eva Sullivan, Pharm.D. Nancy-Crum Cianflone, MD

Shedrick Martin, Pharm.D. Geller Research Award Competition 05/01/18 Original Investigation Oral Presentation, "Evaluation of Pre-Emptive Metabolic Risk Management by a Pharmacist in the Inpatient Behavioral Health Unit." Advisors: Harminder Sikand, Pharm.D. Kim Tallian, Pharm.D.

Leon Moskatel, MD Geller Research Award Competition 05/01/18 Original Investigation Oral Presentation, "Did UberX Reduce Ambulance Volume?" Advisors: David J.G. Slusky, Assistant Professor Department of Economics University of Kansas

Kenneth R. Stevens III, MD, 04/17/18 and 04/18/18: Instructor ACP Ultrasound Pre-course in New Orleans, LA. Advisors: Bruce Kimura, MD, Paul Han, MD

David Leung, MD, MS 03/10/18 – 03/12/18 Poster presentation at the American College of Cardiology 7th Annual Scientific Session in Orlando, Florida. Abstract Title: "Smartphone Teleguidance in Learning to Obtain Point-of-care Cardiac Ultrasound Images from Within the Hospital: A Pilot Study Using Novice Learners". Supporting authors: Bruce Kimura, MD, Stanley Amundson, MD, and James Phan.

Leon Moskatel, MD, Publication 02/26/18 Journal of Bacteriology "PhDA Catalyzes the First Step of Phenazine -1- Acid Degradation in Mycobacterium Fortuitum. Supporting authors: K.C. Costa, L.A. Meirelles, D.K. Meirelles.

2017

Martin Vakili, MD, MSc, Paper published The American Journal of Medicine December 2017. Abstract Title: "Spinal Epidural Abscess: A Series of 101 Cases." Supporting author: Nancy Crum-Cianflone, MD

Leon Moskatel, MD 10/24/17 Paper published in New York Times and San Jose Mercury Newspaper, Abstract Title: "Did UberX Reduce Ambulance Volume?" Supporting author: David J.G. Slusky, Assistant Professor Department of Economics University of Kansas.
