

## Do you have unused prescription medications?

Bring them to a Scripps Prescription Take-Back Kiosk.

Scripps Prescription Take-Back Kiosks provide an easy way to safely dispose of prescription pills, capsules, tablets or caplets. (They should not be used to dispose of liquid medications, inhalers or other medications that use compressed gas, syringes or other sharp materials, illegal drugs, marijuana or herbal medications.)

---

Scripps Prescription Take-Back Kiosks are available free at all Scripps retail pharmacies during business hours.

**Important Message Concerning Opioid Medications**

Opioid medications are highly addictive and can have serious complications. They should only be taken as directed at the lowest dose and shortest duration as is medically necessary. For your safety and the safety of anyone who might gain access to them, any unused portion should be disposed of properly.
