Solid Organ Transplant Workshop
Friday, October 4, 2019
Farmer & the Seahorse • San Diego, California

Course Description
This conference will focus on current issues in the field that are in varied states of transition, including factors influencing organ allocation, extending Medicare reimbursement for transplant recipients, the impact of increased oversight of regulatory agencies on quality of care measures, and areas that have an impact on special populations. An additional key objective of the conference will be to provide stimulus for subsequent interactions between regulatory agencies, leaders in the transplant community, patient advocates, and clinicians to foster continued evolution of these discussions.

Educational Objectives
After attending this live activity, participants should be able to:
• Summarize the challenges of obesity in the transplant recipient.
• Describe the issues of CKD & AKI.
• Discuss therapies to treat hepatitis C in relationship to transplantation.
• Describe the interplay between listing patients and keeping patients ready for transplant.
• Cite the issues that cardiovascular disease impacts the pre-transplant and post-transplant patient.

Target Audience
This activity is designed for physicians, transplant professionals, surgeons, nurses, trainees, nurse practitioners, physician assistants, transplant administrators, and other health care professionals with an interest in organ transplantation.

Course Director
Christopher Marsh, MD
Chief, Scripps Organ Transplantation Service
Surgical Program Director
Scripps Center for Organ Transplantation
Chief of Staff, Scripps Green Hospital
La Jolla, California

Planning Team
Catherine Frenette, MD
Medical Director of Liver Transplantation
Director of Center of Excellence for HCC
Scripps Center for Cell and Organ Transplantation
Scripps Clinic
La Jolla, California

James Rice, MD
Scripps Center for Cell and Organ Transplantation
Scripps Clinic
La Jolla, California

Faculty Disclosure
In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Owners and/or employees of a commercial interest with business lines or products relating to the content of the CME activity will not be permitted to participate in the planning or execution of any accredited activity.
Solid Organ Transplant Workshop
Friday, October 4, 2019 • Farmer & the Seahorse • San Diego, California

Conference Highlights
• Plenary talks from nationally recognized experts
• In-depth breakout sessions on pertinent topics
• Networking opportunities among colleagues
• Conference app with access to course materials and recordings from the convenience of your mobile device or computer

About Scripps Center for Organ Transplantation
Scripps has a long tradition of providing life-saving transplants. In 1980, Scripps developed the first blood and bone marrow transplant (BMT) program in San Diego, and was one of the first in the nation to administer bone marrow stem cell transplantation. In 1990, San Diego’s first liver transplant program was developed by Scripps Clinic. Within a few years, the organ and cell transplant program expanded its offerings to include kidney and pancreas transplants, as well as a living donor program for kidney transplants.

Today, Scripps continues to provide exceptional care for people in need of a transplant. From surgeons and specially trained transplant nurses to insurance coordinators and support group facilitators, our staff works to move patients with care and compassion through the transplant process.

Accreditation
Scripps Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scripps Health designates this live activity for a maximum of 7.25 \textit{AMA PRA Category 1 Credit(s)}\textsuperscript{TM}. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Commercial Support
This course is supported, in part, by educational grants from industry, in accordance with ACCME accreditation Standards for Commercial Support. Appropriate acknowledgment will be given to all supporters at the time of the educational activity.
