Course Overview
Scripps Whittier Diabetes Institute’s 2020 Updates in Diabetes Management program will provide the most recent medication, nutrition and technology recommendations for managing patients with type 1 and type 2 diabetes in 2020.

Education Objectives
After attending this live activity, participants should be able to:
• Describe the latest treatment strategies for treating Type 1 and 2 diabetes.
• Recognize how to integrate new practice recommendations for the treatment of patients with diabetes from a PCP and specialist perspective.
• Practice case-based management strategies with experts using the latest medications and interventions.

Course Directors
Athena Philis-Tsimikas, MD
Corporate Vice President
Scripps Whittier Diabetes Institute
La Jolla, California

Samantha Harris, MD
Endocrinologist, Scripps Clinic
Center for Weight Management
Scripps Whittier Diabetes Institute
La Jolla, California

Faculty Disclosure
In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Owners and/or employees of a commercial interest with business lines or products relating to the content of the CME activity will not be permitted to participate in the planning or execution of any accredited activity.

A complete listing of disclosures associated with this program can be found on the conference website: www.scripps.org/diabetescme, and in the mobile conference app: www.scripps.org/mobileconf.
