Course Overview
Scripps Whittier Diabetes Institute’s 2020 Updates in Diabetes Management program will provide the most recent medication, nutrition and technology recommendations for managing patients with type 1 and type 2 diabetes.

Education Objectives
After attending this live internet activity, participants should be able to:
• Describe the latest treatment strategies for treating Type 1 and 2 diabetes.
• Recognize how to integrate new practice recommendations for the treatment of patients with diabetes from a PCP and specialist perspective.
• Practice case-based management strategies with experts using the latest medications and interventions.
